

**2005 Atlantic Ocean, Gulf of Mexico, and Caribbean Category I & II List of Fisheries
Under the Marine Mammal Authorization Program - Including Both State and Federal Waters**

Fishery ID No.

Gillnet Fisheries

- 57 - Northeast sink gillnet (Category I)** -- includes fishing for any target species using sink gillnet gear from the Maine/Canada border through the waters east of 72° 30' W -- but not including Long Island Sound or other waters where gillnet fisheries are listed as Category III.
- 59 - Mid-Atlantic gillnet (Category I)** -- includes fishing for any target species using any type of gillnet gear west of 72° 30' W and north of a line extending due east from the North Carolina/South Carolina border -- but not including waters where gillnet fisheries are listed as Category III. This fishery includes any residual large pelagic driftnet effort in the Mid-Atlantic and any shark and dogfish gillnet effort in the Mid-Atlantic zone described.
- 58 - Northeast anchored float gillnet (Category II)** -- includes fishing for any target species using anchored float gillnet gear from the Maine/Canada border through the waters east of 72° 30' W -- but not including Long Island Sound or other waters where gillnet fisheries are listed as Category III.
- 89 - Northeast drift gillnet (Category II)** -- includes fishing for any target species using drift gillnet gear from the Maine/Canada border through the waters east of 72° 30' W -- but not including Long Island Sound or other waters where gillnet fisheries are listed as Category III. This fishery includes any residual large pelagic driftnet effort in New England.
- 83 - North Carolina inshore gillnet (Category II)** -- includes fishing with any type of gillnet gear for any target species inshore of the COLREGS lines in North Carolina.
- 84 - Southeast Atlantic gillnet (Category II)** -- includes fishing with any type of gillnet gear for any species (except shark gillnetting effort using 5-inch or greater stretched mesh south of the South Carolina/Georgia border) in waters south of a line extending due east from the North Carolina/South Carolina border and south and east of the fishery management council demarcation line between the Atlantic Ocean and the Gulf of Mexico (50 CFR 600.105).
- 40 - Southeastern U.S. Atlantic shark gillnet (Category II)** -- includes shark gillnetting with 5-inch or greater stretched mesh in waters south of a line extending due east from the South Carolina/Georgia border.
- 95 - Gulf of Mexico gillnet (Category II)** -- includes fishing with any type of gillnet gear for any species in waters west of the fishery management council demarcation line between the Atlantic Ocean and the Gulf of Mexico (50 CFR 600.105) and north of the U.S.-Mexico border.

Longline Fisheries

- 05 - Atlantic Ocean, Caribbean, Gulf of Mexico large pelagics longline (Category I)** -- includes fishing for large pelagic species with pelagic longline gear.

Trap/Pot Fisheries

- 74 - Northeast/Mid-Atlantic American lobster trap/pot (Category I)** -- includes fishing for American lobster with trap/pot gear.
- 97 - Atlantic mixed species trap/pot (Category II)** -- includes all trap/pot operations for species other than American lobster and blue crab from the Maine/Canada border down through the waters east of the fishery management demarcation line between the Atlantic Ocean and the Gulf of Mexico (50 CFR 600.105).
- 85 - Atlantic blue crab trap/pot (Category II)** -- includes all effort west of 72° 30' W in the Atlantic and east of fishery management demarcation line between the Atlantic Ocean and the Gulf of Mexico (50 CFR 600.105).

Trawl Fisheries

- 70 - Mid-Atlantic mid-water trawl (Category I)** -- includes fishing for Atlantic squid, mackerel, and butterfish with trawl gear from home ports between New York and North Carolina.
- 65 - Northeast mid-water trawl (Category II)** -- includes all mid-water trawl operations (including pair trawl) for Atlantic herring from home ports between Connecticut and Maine.
- 77 - Northeast bottom trawl fishery (Category II)** -- Includes fishing for any target species using bottom trawl gear from the Maine/Canada border through the waters east of 72° 30' W.
- 100 - Mid-Atlantic bottom trawl fishery (Category II)** -- Includes fishing for any target species using bottom trawl gear from the waters west of 72° 30' W and north of a line extending due east from the North Carolina/South Carolina border.

Purse Seine Fisheries

- 66 - Gulf of Mexico menhaden purse seine (Category II)** -- includes fishing with purse seine gear to target menhaden in the Gulf of Mexico.

Haul/Beach Seine Fisheries

- 71 - Mid-Atlantic haul/beach seine (Category II)** -- includes fishing with haul/beach seine gear to target any species in waters west of 72° 30' W and north of a line extending due east from the North Carolina/South Carolina border.
- 87 - North Carolina long haul seine (Category II)** -- includes fishing with long haul seine gear to target any species in waters off North Carolina.

Stop Net Fisheries

- 72 - North Carolina roe mullet stop net (Category II)** -- includes fishing with stop net gear to target mullet off Bogue Banks, North Carolina.

Pound Net Fisheries

- 88 - Virginia pound net (Category II)** -- includes all pound net effort in Virginia State waters, including waters inside the Chesapeake Bay.
